"I knew Napoleon Hill in 1922 when I was a student in Salem College in the town of my birth. Mr. Hill came to our campus as the commencement speaker that year. As I listened to him, I heard something other than the words he spoke. I felt the substanceâ€”the wisdomâ€”and the spirit of a man and his philosophy. Mr. Hill said "the most powerful instrument we have in our hand is the power of the mind.' Napoleon Hill compiled this philosophy of American achievement for the benefit of all people. I strongly commend this philosophy to you for achievement and service in your chosen field." â€”Senator Jennings Randolph, West Virginia
